Quilters Paradise Day Tour

10am - SIMPLY TOMATOES & AUSSIE WOOL QUILTS - BOORT

This is a farm with a difference! Traditional farming, green tomatoes, wool bedding, Woolly Warmers, manufacturing, friendly critters and tourism! You'll never find anything else like it!

Start with a delicious picnic box morning tea in the ambience of the beautiful 1880's homestead gardens without so much as a worry about the weather, in the wonderful enclosed outdoor entertainment area.

Then hear about the progressive story of Simply Tomatoes, Aussie Wool Quilts and Woolly Warmers: giving you a fascinating window into the life of a farming family. Learn about the journey of national award winning products recognised by the Premier of Victoria for innovation and take a tour of on farm manufacturing operations, taking particular note of the quilting operations of course!

It really is amazing to see the diversity here: check it all out and then dabble in a little retail therapy in the showroom with the entire range of tomatoes, quilts, pillows, underblankets and Woolly Warmers therapeutic heat pads, all available for sale.
